

ELEMENTARY FIELD TRIPS

EYA field trips support Big Ideas in the BC Curriculum in direct and indirect ways listed below.

Each field trip will be slightly modified to the grade level of your class.

BEE AN ARTIST (K-3)

Why are bees important? Explore native bee diversity, anatomy, and ecological importance through a hands-on art project using natural materials collected in the gardens. As they create their bee ornament, students will identify key parts of bee anatomy.

LEAF IT TO THE SUN (K-3)

Learn about plant leaf shapes and why plant diversity is important. Students will collect leaves from native and invasive plants in the gardens and use sun-sensitive paper to create their own nature-based art to take back to the classroom.
